Call for Papers

Respected Faculty Member/Scholar/Student,

International Journal of Communication and Social Research (IJCSR) is an independent international journal published from the **Department of Convergent Journalism, Central University of Kashmir, Srinagar**, for all academicians and scholars of communication and social science. It is a **biannual, peer-reviewed journal**, which aims at publishing original, cutting-edge manuscripts of academic scholarship related to communication, social science and their multi-disciplinary approaches.

Since there is dearth of quality interdisciplinary communication studiesø journals from South Asia, the journal encourages critical, constructive research in the world with a special focus on the third world. IJCSR is established as a means to disseminate findings of media academics and social scientists to in turn stimulate further research in communication, media and social science, and integrate various fields of understanding around them.

IJCSR invites **papers** for the next issue is open to faculty members, scholars and students of all universities and higher education institutions/centres across the world preferably in, but not limited to, the following areas.
